

# WORKED ITALIAN PREFIXES

## Diploma

**T**his set of 3 different certificates may be requested by OM/SWL who have worked/heard the required number of prefixes used by Italian OMs, and have received QSL cards.

To identify a prefix the same rules as for the renowned WPX award apply. For example, I1, I2, I3, I4, IZ0, IZ1, IZ2 etc. are all different prefixes. Prefix with no number, i.e. I/IK3GER, counts as I0/IK3GER.

For the purpose of this diploma prefixes used by stations operating from San Marino (T7), SMOM (1A0), the Vatican City (HV) and foreign hams operating portable in Italy (ex. IL7/DL5AA) are not accepted.

At present, there are more than 100 different prefixes used by Italian hams (block IAAZ-IAZZ). Accordingly, the certificate will be issued in 3 different classes according to the number of prefixes worked/heard.

### Class 3

For QSO/HRD with 30 or more different prefixes

### Class 2

For QSO/HRD with 50 or more different prefixes

### Class 1

For QSO/HRD with 100 or more different prefixes.
